

JULLYCONSULT DIVERSITY, EQUITY AND INCLUSION POLICY

Introduction

The activity of JullyConsult enables the organization's team to include a wide variety of people, with different cultures, ethnicities, knowledge, skills and professional experience. Therefore, with the growth of the organization and its geographical presence, the management actively stimulates, develops and maintains a specific company culture based on diversity, equity and inclusion in strict compliance with the applicable legal requirements. Our team is comprised of professionals selected based on experience, skills and qualifications, ensuring opportunity for everyone, regardless of their race, colour, religion, gender, age, physical ability, nationality, sexual orientation, political affiliation, trade unions membership or marital status.

The individual differences, life experiences, knowledge, ingenuity, innovation, self-expression, unique capabilities and talent that our employees invest in their work are a significant part not just of our culture, but also of our reputation and achievements. We believe we can achieve success by:

- Diversity and equity for our most valuable resource - the human resource;
- Striving of justice and inclusion for all, but zero tolerance for the use of child labor;
- Giving equal voice to people;
- Celebrating differences and zero tolerance for discrimination in all forms;
- Aspiration to achieve gender equity, including in the management of the organization.

The main principles and values of JullyConsult are stated in our Code of Ethics and the Code of Conduct.

Scope and objectives of the Policy

The Diversity, Equity and Inclusion Policy of JullyConsult covers the entire organization and all related legal entities. It aims to ensure the commitment of all parties to implement the practices

JULLY CONSULT

introduced by the organisation to ensure impartiality and equal access in the processes of attraction and selection, retention and inclusion, professional development and training, and work climate.

All JullyConsult employees are responsible to always treat others with respect and dignity. Everyone is expected to demonstrate accepting and inclusive behaviour at work, in work situations on and off the job, and at all events and training programs or projects organized by the company or in which it is a participant.

Also, all employees should develop tolerance and inclusion skills through annual organizational diversity initiatives, which may include awareness campaigns, team initiatives, trainings, information and training materials. Main objectives of the Diversity, Equity and Inclusion Policy:

1. Monitoring and increasing indicators related to diversity at all levels of the organization - full integration of disadvantaged and disabled people; achieving gender balance in the main activities and in the management of the company; zero tolerance for the use of child labor; categorical and, if possible, full prevention of all discrimination forms and compliance with Convention 111 of the International Labor Organization (ILO).
2. Building an inclusive work environment where all employees feel valued.
3. Ensuring equal opportunities for development.
4. Improving decision-making and innovation by embracing diverse perspectives.
5. Improving the reputation of the organization and its ability to work with a wide variety of different clients.

Recruitment practices

JullyConsult is committed to establishing working practices step by step to ensure equal opportunities for all job applicants and attract a more diverse workforce. For this purpose, the company develops an inclusive selection process through a series of tools to ensure it:

- Prepared staff: Well trained professional, impartial and inclusive selection team of HR professionals and managers.
- Channel diversification: Using different channels to attract different candidate profiles and reach underprivileged groups.
- Detailed job postings: Focus on unbiased requirements, without risk of discrimination and exclusion of underprivileged groups.

- Clearly stated company position: Announcing the Diversity, Equity and Inclusion Policy in the selection process.
- Professional selection tools: Focus on the current capabilities and development potential of candidates.

Retention and inclusion policies

JullyConsult strives to provide a healthy and inclusive work environment by supporting alternative working conditions and is committed to equal pay. For this purpose, the Company monitors the needs of its employees and regularly upgrades the working conditions, social benefits and the opportunities for active participation in the life of the company through the development of:

- Respectful communication and cooperation: Promote respectful behavior and effective cooperation among all employees.
- Teamwork and participation: Ensuring representation of all employee groups and perspectives through participation in team activity.
- Work-life balance: Offering different solutions and work modes adapted to the diverse needs of employees.
- Adequate social benefits and supportive environment: Providing adequate social benefits and creating a supportive and safe work environment.
- Contribution to the local community: Encouraging active contribution by employees and employers to the local community in which we live and work.

Opportunities for professional development and training

JullyConsult is committed to providing a training process within the organization that is accessible to employees and ensures fairness in identifying and accessing opportunities for advancement within the company. The company will build on existing practices such as the annual training plan, development programs and learning initiatives by making them more inclusive by:

- Inclusive content: Representation of different perspectives, cultures and experiences in learning materials.
- Accessibility: Making training programs accessible to all relevant employees, including those with disabilities.
- Training for unconscious biases: Raising awareness and conducting training on unconscious biases and their negative impact when working with people.

- Cultural competence: Improving understanding and communication between different cultures.
- Mentoring programs: Undertaking mentoring initiatives that support underrepresented groups.
- Leadership development: Development of various talents for leadership roles.
- Regular evaluations: Collecting regular feedback and assess the effectiveness of diversity initiatives and make improvements as needed.
- Representative groups for employees: Support in the formation of groups for underrepresented employees.
- Inclusive language: Building skills to use inclusive language in the workplace.

Supporting structures and reporting mechanisms

To guarantee a safe working environment and adequate protection of its employees, JullyConsult plans to develop and implement a working process and clear mechanisms for reporting harassment and discrimination in the workplace. As part of the plan, the Company provides:

- Anti-discrimination and Anti-harassment Policy in the workplace;
- Reporting procedure;
- Organizational ombudsman;
- Internal Committee.

The company is responsible for informing its employees of the steps to take if they witness or suspect behavior that does not comply with the established internal policy and undertakes to outline the investigation process, the level of anonymity involved. Any employee who exhibits inappropriate behavior or attitudes toward others may be subject to disciplinary action.

Employees who think they are subject to any form of discrimination that conflicts with JullyConsult's diversity Policy and initiatives will have a safe way to seek adequate assistance and support.

Diversity, Equity & Inclusion (DEI) Policy on Our Programs and Projects

At JullyConsult, Diversity, Equity, and Inclusion (DEI) are central to our mission of building a just, sustainable, and inclusive circular economy. Our green vocational skills empowerment programs are intentionally designed to ensure that no one is left behind, especially those most affected by climate change, poverty, and social inequality.

Our Commitment

We are committed to creating equal access to opportunities for women, girls, youth, Internally Displaced Persons (IDPs), and Persons with Disabilities (PWDs), particularly those in underserved, flood-affected, and marginalized communities.

We recognize that systemic barriers often limit participation in economic and environmental solutions. Through our programs, we actively work to remove these barriers and create pathways for inclusion, dignity, and independence.

Equitable Access to Skills & Opportunities

Our training programs are designed to be accessible, inclusive, and adaptable to diverse needs and backgrounds. We ensure that:

- Training opportunities are open to individuals regardless of gender, ability, or socio-economic status.
- Learning materials and delivery methods are simplified, practical, and culturally relevant.
- Participants receive equal support to complete training and transition into livelihoods

Inclusive Learning Environment

We foster a safe, respectful, and supportive environment where every participant is valued and empowered to learn and grow.

Our approach includes:

- Encouraging participation from underrepresented groups
- Promoting respect, dignity, and collaboration among trainees
- Creating a learning space free from discrimination, harassment, and bias

Empowerment of Vulnerable Groups

We prioritize individuals who are disproportionately affected by climate and economic challenges, including:

- Women and girls facing economic exclusion and period poverty.
- IDPs affected by displacement, trauma, and loss of livelihoods.
- Persons with Disabilities, including those with mobility impairments.
- Unemployed youth in underserved communities
- Through targeted support, we enable participants to gain marketable green skills, establish enterprises, and achieve financial independence.

Accessibility & Clean Energy Inclusion

To ensure full participation, we integrate solar-powered equipment into our training and production processes. This:

- Provides reliable and clean energy for training
- Reduces dependence on harmful fossil fuel generators
- Supports accessibility for PWDs, especially those with mobility challenges
- Creates a safer and healthier training and working environment

Holistic Support Approach

Our DEI approach goes beyond skills training. We integrate:

- Mental wellness and psychosocial support for participants affected by trauma
- Entrepreneurship support, including microgrants and access to zero-interest loans
- Continuous mentorship and guidance for enterprise development

Building Inclusive Green Economies

Through our DEI-driven model, we are not only training individuals but also building inclusive green economies where everyone has the opportunity to participate, contribute, and thrive. We believe that true sustainability is only possible when it is inclusive, when solutions empower people, respect diversity, and create equitable opportunities for all.

The current Policy of JullyConsult has been implemented through the development and implementation of an Annual Plan for increasing diversity, and the implementation and success of the plan will be reported in an Annual Report.
